

CSC48 HearingEasy™ Amplified Phone

The value comes through loud and clear.

Spend less and hear more with the CSC48 HearEasy Amplified Phone. An ideal solution if you simply want a value-priced amplified phone, this model features a specially designed circuit to provide extra loud receiver levels without the need for AC power.

ClearSounds® CSC48 ensures easy and effective communication for those who depend on it. The phone includes enhanced ring volume, receiver amplification up to 40 dB (400x louder), tone adjustment for clarity, memory dialing, oversized buttons, hearing aid compatibility and a large LCD display.
