

DVR-C & DVR-N Series DDNS Option

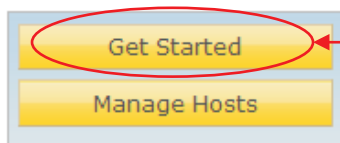

This white paper explains how to view your DVR outside of your network, if you do not pay for a static IP. If you do not have a static IP, you have what is called a dynamic IP. This means your external IP address will change from time to time. There is a free way to get around this.

Step 1: Go to the following web address: www.dyndns.com

Step 2: Scroll down, and click the “Free Dynamic DNS” option.

Step 3: Click the “Get Started” Icon.

IMPORTANT NOTE: YOU WILL NEED TO CREATE A FREE ACCOUNT WITH DYNDNS.ORG
