You slipped
in the shower.

You mixed up
your medications.

You live alone.

You were
driving and
got lost.

You stumbled
in the garden.

You're suddenly
feeling dizzy.

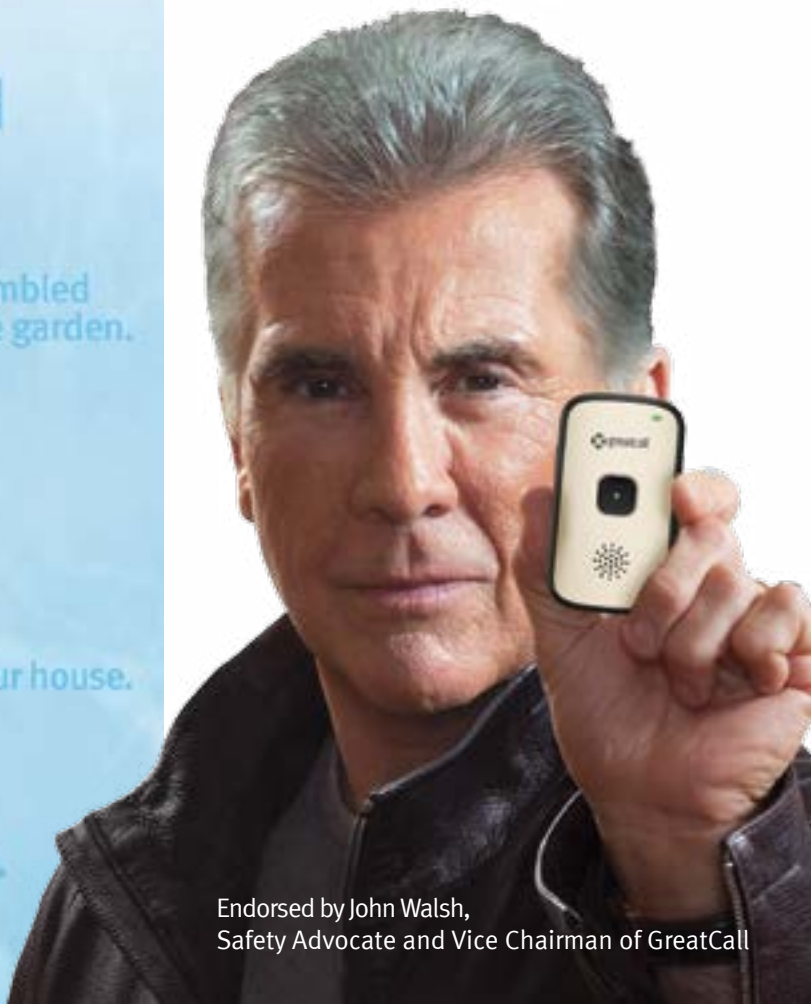

You got locked out of your house.

You don't feel safe
walking to your car.

Get the help you need wherever you go.

While some medical alert devices don't work outside your home, the new GreatCall® Splash can go everywhere. Better than a cell phone, it's waterproof, so whether you're out watering your garden, at the beach or even in the shower, it can go with you. And it's powered by the nation's largest most reliable wireless network, so it works wherever, whenever you need it.

In any uncertain or unsafe situation, just press the button to speak immediately to an NAED Certified Response Agent. Using patented GPS technology, the Agent will confirm your location, evaluate the situation, and get you the help you need.

GoPlans™

BEST VALUE	GreatCall GoPlan	\$19 ⁹⁹ /month
	5Star Service	Included
	Urgent Care	Included
	GreatCall Link App	Included

Upgrading to a GreatCall GoPlan™ adds exclusive health and safety services, like Urgent Care. So, even without an appointment, the GreatCall Splash can be used to speak to a registered nurse who will triage your medical questions and, if necessary, have a board-certified doctor call back within 30 minutes. The doctor may give advice and/or diagnoses as well as prescribe common medications.

In addition to Urgent Care, a GoPlan comes with the GreatCall Link™ app, which family members and caregivers can access on a smartphone or home computer to view device status or get daily updates about the well-being of the person carrying the GreatCall Splash.

5Star Agents are here for you 24/7

One touch of the button and you'll be immediately connected to live, 100% U.S. Based 5Star Agents who are certified by the National Academies of Emergency Dispatch (NAED). Agents are equipped to handle a variety of situations anytime, day or night, and can provide translation support for assistance in over 100 languages. Agents can even call emergency services, if needed, or conference in emergency contacts and will stay on the line with you until your situation is resolved.

In a critical emergency, you can connect directly to 9-1-1 by pressing and holding the button down for five seconds.

Patented GPS Technology

Agents use GPS technology, advanced location analysis and the “frequent locations” information that you provide in your Personal Profile to confirm your location when you call.

Your Personal Profile

When you call 5Star, your Agent will have access to your Personal Profile, and can use critical details like your medical information and emergency contacts to provide faster and potentially life-saving assistance. Your profile is secure and personal information is kept confidential and only shared when dispatching emergency services on your behalf. The more information you provide, the better we can assist you.

Reliable Nationwide Coverage

GreatCall Splash with 5Star Service allows you to speak immediately to Agents anytime and anywhere wireless coverage is available. You can rest assured that your Splash is powered by the nation's largest and most reliable wireless network. So, whenever and wherever you need it, help is at your fingertips.

Why GreatCall Splash is Simply the Best

GreatCall Splash, with its single-button operation, is easier to use than a cell phone. And unlike other personal security systems that are limited to your home or vehicle, it goes wherever you go. GreatCall Splash requires no additional equipment to buy or install. Starting at just \$14⁹⁹ per month, 5Star Service on the Splash saves you over \$200 per year in monthly fees. And you get \$10 off the \$35 one-time activation fee when you activate online.

Service starts at:

\$14⁹⁹
month

No contracts
No cancellation fees
No equipment to install

Not all personal emergency response systems (PERS) have the same features. You should determine which features are important to you. \$200 savings calculation was determined by averaging the PERS market leaders' monthly fees. 5Star Service is available with the purchase of the GreatCall Splash and a one-time set-up fee of \$35. Valid credit or debit card required for monthly service. The GreatCall Splash is rated IPX7, which means it can be submerged in up to 3 feet of water for up to 30 minutes. 5Star or 9-1-1 calls can only be made when cellular service is available. 5Star Service will be able to track an approximate location when your device is turned on and fully charged, but we cannot guarantee an exact location. Monthly service fee does not include government taxes or assessment surcharges. Prices and fees are subject to change.
