ADA compliant, fire code-approved HAVEN Lockdown:
Your best proactive solution to active threats.

havenlockdown.com

CHOOSE HAVEN

We believe your students, staff, patients, and parishioners should have peace of mind from active threats. That's why we created **HAVEN Lockdown™**; to give them the sense of security they deserve and that you are dedicated to providing. After spending our careers serving our country in the military and local law enforcement, we're ready to serve again by building the strongest, safest locking systems in the industry to protect your people.

Give control back to your faculty and staff.

HAVEN Lockdown™ gives teachers, administrators, and staff options of individually locking down rooms within seconds. This provides them the access control they need while affording peace of mind to authorities and first responders.

Your active threat safety plan starts here.

HAVEN Lockdown™ is a revolutionary, affordable smart door lock that installs easily and activates in seconds to prevent intrusions into your school, office, hospital, or place of worship. Proactive threat prevention starts with Lockdown.

HAVEN Lockdown™ is a hassle-free security solution designed by former military and law enforcement to be the smartest, strongest way to **STOP** an active threat. Lockdown installs easily and can be activated manually, with the mobile app, or the optional key fob. With its low maintenance costs and available egress button, panic button, and motion sensor, Lockdown is the right plan to protect your people.

FAST

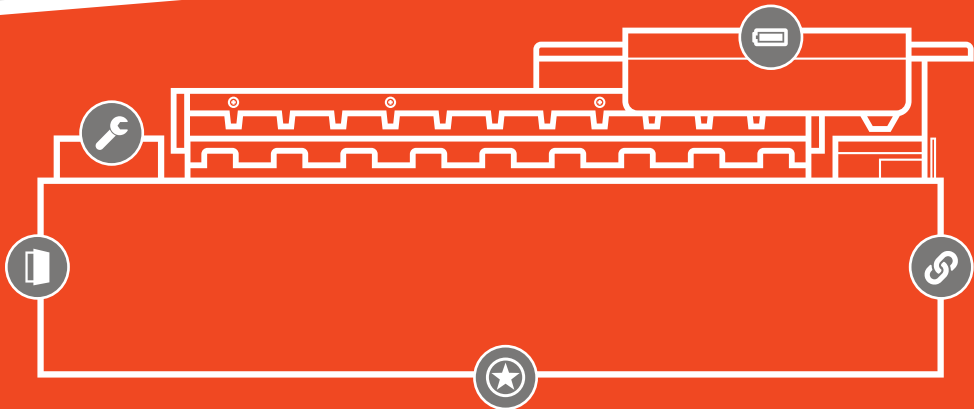

Activates in less than two seconds
