

KA1000RR Remote Receiver

Designed for people with moderate to profound hearing loss. The KA1000RR notifies you to various alerts such as doorbell, telephone, videophone and emergency alarms.

FEATURES

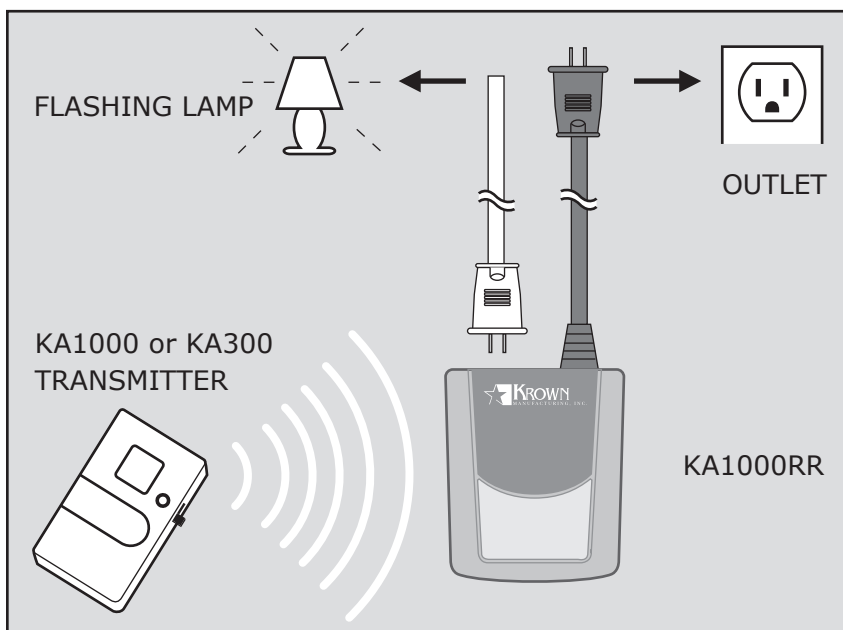

- Flashes a connected lamp with distinct flashing patterns to distinguish between the telephone, doorbell and other signaling devices
- Extend notification system to multiple locations using one or more remote receivers
- Receives signals from all KA1000 and KA300 transmitters
- Various transmitters allow you to customize for your specific household or lifestyle needs
- Optional accessories:
 - KA300 Alarm Monitor System with optional Weather Monitor accessory
 - KA1000 Alarm Clock with bed shaker
- Desktop model
- ON/OFF button for normal room lighting
- No wiring required

NOTE: Requires KA1000/KA300 transmitters in order to function.
