

Samsung SmartThings Bundle

APPLICATION

Whole house automation is made simple with a strategic partnership between Samsung SmartThings and Leviton, resulting in a pre-packaged home automation starter kit. Control and automate lights, save money on energy, include connected thermostats, and add a wide variety of third party solutions to create a truly custom yet affordable and accessible smart home. Set Leviton lighting controls to activate when there's motion, or turn off when there isn't, and control and automate multiple lights with one button.

Start your next smart home project with the Samsung SmartThings Hub and Leviton Z-Wave Plus bundle, complete with Hub, Dimmer, and Switch. Add as many or as few smart devices as you want from Leviton, choreograph them to work together in one free app, and create a smarter home that automatically reacts as life happens. Whether you have two smart devices (like the Leviton Z-Wave Plus Dimmer and Switch) or 100, all you need is one Hub to create a smart home.

So long as you have the free SmartThings app and a Hub, you can turn any home into a smart home by adding connected smart devices including many Z-Wave Plus and Lumina RF options from Leviton. By placing these smart lighting controls, thermostats, plug-in outlets, plus third-party locks, cameras, and other smart devices in the home, the end-user can monitor and control them using the SmartThings app for iOS, Android, or Windows. Receive important notifications about what's happening at the house, control smart devices with a simple tap, and automate the home to react to unique preferences.

As needs change, easily customize SmartThings to work in new and different ways. Just set rules for what you'd like the smart devices to do while asleep, awake, gone, or back home, and SmartThings will do the rest. The SmartThings app offers a complete home monitoring and security solution that allows customers to get instant alerts if there's unwanted entry, smoke, leaks, or other unexpected activity.

INTEROPERABILITY AND EXPANSION

In addition to SmartThings' own family of sensors and the wireless lighting and load controls from Leviton, you can also control hundreds of connected devices from other brands through the SmartThings open platform. Look for the "Works with SmartThings" logo for guaranteed interoperability. Utilize Google Home or the Amazon Alexa voice control products, allowing customers to say, "Alexa, turn on the kitchen lights".

WHAT'S IN THE BUNDLE?

1. Samsung SmartThings Hub
2. Decora Smart with Z-Wave Plus Technology Dimmer, DZ6HD
3. Decora Smart with Z-Wave Plus Technology Switch, DZ15S

FEATURES AND BENEFITS

- Bundle includes Samsung SmartThings Hub, Leviton DZ6HD Dimmer, and Leviton DZ15S Switch
- No required monthly fees or contracts
- Easy app-based setup
- Z-Wave Plus and ZigBee radios allow for compatible wireless Leviton devices to easily enroll (refer to chart)

INSTALLATION IS SIMPLE

1. Download the free app on the homeowner's smartphone.
2. Connect the SmartThings Hub to the Internet router.
3. Add your Leviton devices included in the bundle.
4. Shop for other compatible Leviton products including sensors, load control modules, and thermostats.
5. Start creating the scheduling routines based upon lifestyle and activities.

ORDERING INFORMATION

DESCRIPTION	CAT. NO.
Samsung SmartThings Bundle (SmartThings Hub, DZ6HD Dimmer, DZ15S Switch)	STKIT-2DS

COMPATIBLE LEVITON ATTACHMENT DEVICES

DESCRIPTION	CAT. NO.
Decora Smart with Z-Wave Plus Technology, 15A Switch	DZ15S
Decora Smart with Z-Wave Plus Technology, 1000W Dimmer	DZ1KD
Decora Smart with Z-Wave Plus Technology, 600W Dimmer	DZ6HD
Decora Smart with Z-Wave Plus Technology, Plug-In Dimmer	DZPD3
Decora Smart with Z-Wave Plus Technology, Plug-In Outlet	DZPA1
Decora Smart with Lumina RF Technology, 15A Switch	DL15S
Decora Smart with Lumina RF Technology, 1000W Dimmer	DL1KD
Decora Smart with Lumina RF Technology, 600W Dimmer	DL6HD
Decora Smart with Lumina RF Technology, Plug-In Dimmer	DLPD3
Decora Smart with Lumina RF Technology, Plug-In Outlet	DLPA1
Vizia RF + Universal Dimmer - Neutral required	DZ6HD-1L
Vizia RF + Incandescent Dimmer with LED locator and brightness display - No Neutral	VRIO6-1L
Vizia RF + Scene Capable Switch with LED locator	DZ15S-1L
Vizia RF + Incandescent Scene Capable Switch with LED locator	VRS05-1L
Vizia RF + Split Duplex TR Receptacle with LED Locator	VRR15-1L
Vizia RF + Quiet Fan Speed Control with LED locator and fan speed display	VRF01-1L
Lumina RF 30 Amp Load Control Module - 96-250VAC (50/60 Hz)	73A00-3ZB
Omnistat2 Thermostat Conventional & Heat Pump (w/ Aux)	RC-1000WHZB
Omnistat2 Multi-Stage Thermostat	RC-2000WHZB
Lumina RF Wall Switch - 120-277VAC 10A Wall switch, for applications with a neutral connection	ZSS10-N0Z
Lumina RF Wall Switch - 120-277VAC 10A Wall switch, for applications without a neutral connection	ZSS10-G0Z
Lumina RF Door/Window Sensor	LURDW-00W
Lumina RF Motion Sensor	LURMD-00W
