DMC1 iPlay™ iPod® Dock - MP3 & CD Player

Accessory for the Linear DMC1 and DMC3-4 Music/Communication Systems

The DMC1 iPlay iPod Dock – MP3 & CD Player is a new digital music source for the Linear DMC1 and DMC3-4 Music/Communication Systems. This optional accessory transforms the DMC System into a digital music & entertainment hub. Sharing portable music, podcasts, even digital audio books throughout the home has never been easier or more convenient.

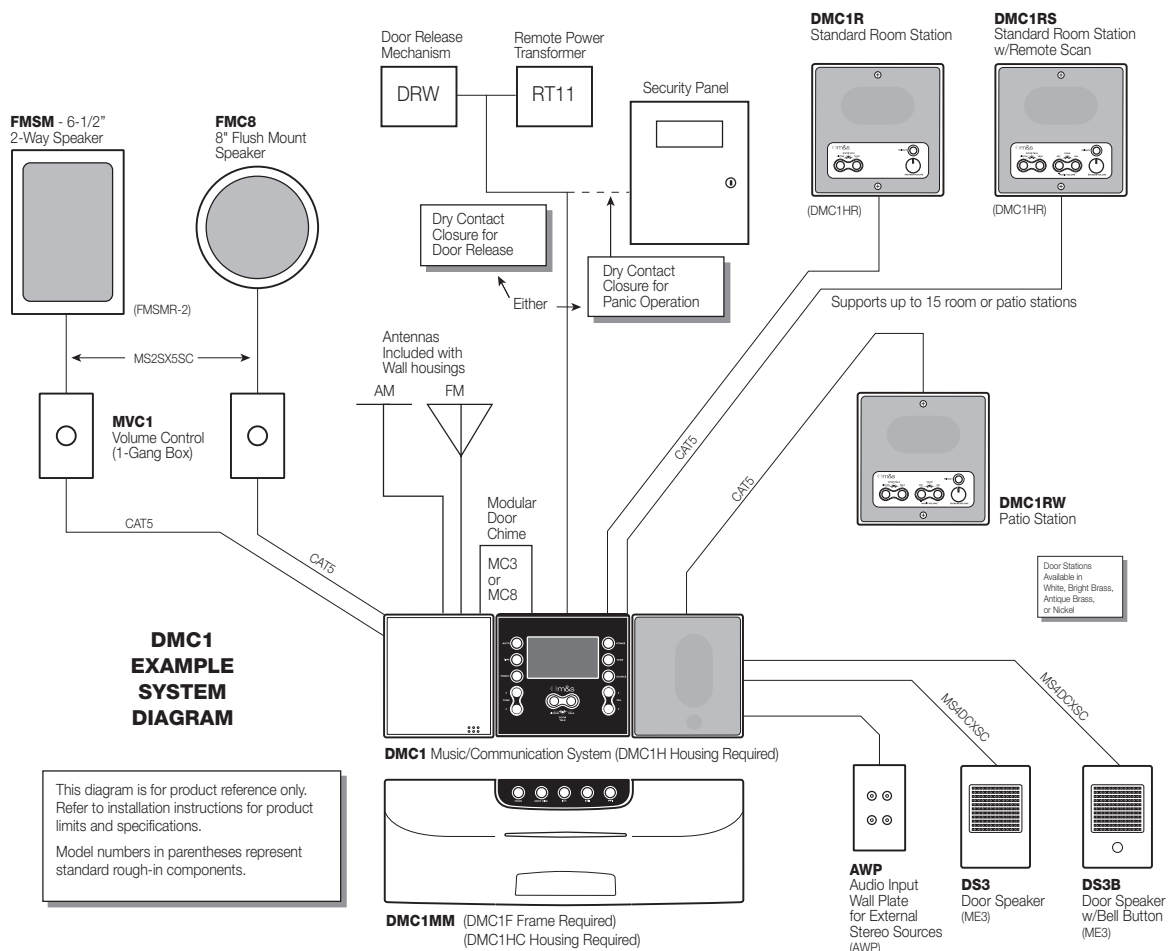

The iPlay connects to all portable digital music sources, including Apple iPod, iPhone®, MP3 players, smart phones and CD/MP3 disks.

A five-button interface provides iPod or CD source select button; and controls for CD operation such as play/pause; fast-forward; rewind; and track forward/track reverse, with mode and option selection displayed on the DMC1 or DMC3-4 master unit.
